Instructions:

This form is for ordering vaccines for publicly funded routine immunization programs, as set out in the NS Immunization Schedule by Nova Scotia Health Promotion and Protection. Products for high-risk patients must be requested by completing the *Free-Issue Request Form* and faxed to the Public Health Services Biologicals Depot to be approved by MOH/Immunization Coordinator.

- Order vaccines on a monthly basis by fax:481-5923
- Assign consistent office personnel to monitor inventory, identify as a contact for Public Health Services
- Monitor inventory monthly and return expired vaccines with inventory list to Public Health Services
- **Allow 2-3 business days for delivery**
- For non-routine vaccine, complete free-issue request form
